Project Title: Electrification of South Golf Cart Shed

Amount Requested: Any Available      Total Project Cost: 10,000 plus 10%

Starting Date: July 1 2026      Completion Date: Jul 30, 2026

**Provide a description of your project and include how the project relates to the overall goals and services of the organization.**

As more golfers switch from gas to electric carts, demand for charging has grown, but our shed currently has no electrical hookup. The Golf Course is a publicly, municipally course serving MacGregor and the surrounding rural area. We are requesting funding to install electrical service to our golf cart storage shed so members and visitors can charge electric carts on-site.

**How will the project benefit the community?**

This project benefits the community in several ways. It responds to direct requests from golfers for a convenient place to charge their electric carts, and it supports cleaner, quieter, more environmentally friendly recreation. As a public course, it is an investment in a shared community asset—keeping the facility welcoming for golfers of all ages while drawing visitors to MacGregor and supporting the local economy.

Have you approached other sources for support (monetary and/or nonmonetary)?

Yes       No
