OUR SERVICES

Application

University Application process and Immigration/ Visa documentation.

India Program

6 months Japanese Language program - N5 & N4 (part) levels + Culture.

Japan Program

Learn the Japanese Language N3 Level; Earn between 1 to 1.2 lacs JPY per month doing part-time work.

Full-time work

The University helps with final jobs in Japan. Salaries range from 2.5 to 3.5 lacs JPY per month or more. Core Jobs only.

WHY JAPAN?

Japan lives in the future. Technology and management practices followed in Japan are the best in the World. With a rapidly falling population, Japan urgently requires trained, professional manpower.

OPPORTUNITIES

Engineers, Graduates and Diploma candidates are much sought after. Salaries are on par with the best in the world with an opportunity to earn part-time during study. There are 3 jobs for every eligible professional.

THE PROGRAM

Enter into Japan for a 1 year program. Learn the Japanese Language, work part-time and get employed full time on completion of the program. The program costs 1/4th the price in UK/ US/ Canada or Australia.

INCLUSIONS

The program cost includes tuition fees, Japanese Language N5, N4 & N3 training, accommodation & Insurance for a year, documentation charges for the immigration. Work Part-time for 28 hours per week.

Program commences from January 2025 for the October 2025 intake
