Helpful Tips-

1. It is recommended that you write down your answers or take the test on paper before entering them into the form
2. You **DO NOT** need to have a Google email to submit the exam
3. If you don't complete the form in one sitting, your answers will only be saved if you are signed into a Google account. The testing form is mobile friendly
4. All final answers and submissions must be submitted through the online form
5. You will receive an email once you submit the 50 questions with your score and the questions you got correct/incorrect. There is no limit on the number of times you may take the test.
6. Your local board will also receive your score at a later date
