

# Weft Hair Extension MAINTENANCE

## WASH YOUR HAIR

with the pads of your fingers in a downward motion, gently getting around the attachment area. Wait 48 hours after application to shampoo! with the pads of your fingers in a downward motion, gently getting around the attachment area. Wait 48 hours after application to shampoo!

## NEVER GO TO SLEEP WITH WET HAIR

You can create matting and make your extensions get a mildew smell at the root. Sleep with your hair in a braid.

## STYLING TOOLS

Flat irons/curling irons make sure to apply below your extension attachment.

## NO SUNSCREEN

NEVER let SUNSCREEN, oils, or tanning products come into contact with your extensions. Put your hair up if it's on your body because it will cause a discoloration to your extensions. Especially BLONDES! Also if any of those products were applied by hand WASH THEM before touching your hair. IF you must wear sun screen product please use a mineral based product (see product & partners page)

## BRUSH 2-3 TIMES A DAY

Brush 2-3 times a day, starting at the ends and working your way up towards your scalp, to prevent tangling. Once each day, section and brush in between each row.

## SALT WATER + POOLS

Always get your hair wet first and preferably apply conditioner before entering the water. When you're done swimming be sure to shower out the chemicals right away and blow dry your extensions so your hair doesn't stay wet for too many hours. I do not recommend submerging your hair too often.

## LIVE YOUR BEST LIFE WITH GORGEOUS HEALTHY HAIR

## RECOMMENDED PRODUCT

I recommend the following products to use on your hair extensions. Kevin Murphy young again oil, Ever smooth, fresh hair dry shampoo, leave-in repair, shimmer me blonde, smooth again, young again Dry conditioner, and sessions spray. Proper products ensure longevity for your hair extensions. All Kevin Murphy products have a degree of heat protecting to them and are incredibly nourishing.
