

# Kitten Contract and Health Guarantee

Name:

Breed: Maine Coon

Birthday:

Date of Sale:

## Buyer Responsibilities:

The buyer, \_\_\_\_\_, agrees to the following:

- The buyer accepts full responsibility for the medical care and general well-being of the kitten, ensuring proper health maintenance.
- The buyer agrees not to declaw the kitten under any circumstances.
- The buyer agrees that the kitten will never be sold, leased, or given to another person, pet facility, animal shelter, or laboratory.
- The owner agrees to keep the breeder informed of the kitten's well-being and growth with occasional updates. This can include posts on social media or sharing photos and videos now and then, as they would naturally share their pet's life.
- If at any point the owner must rehome the cat, the breeder must be notified. The breeder reserves the right to take the cat back and ensure it finds a stable, caring home.
- If the owner has a new home in mind, the breeder must be informed and given the chance to communicate with that party. This step ensures that any re-homing is responsible and done with the cat's best interest in mind.

## Health Guarantee:

The kitten will be provided with both rounds of distemper and dewormer shots, a fecal test, will be microchipped and spayed/neutered.

The kitten comes with a 1-year health guarantee covering life-threatening, untreatable genetic defects, which must be documented from a vet within 7 days of purchase. In the event of such a diagnosis by a licensed veterinarian, the buyer must provide a written statement and necropsy results confirming the issue. Under these circumstances, the breeder agrees to replace the kitten.
