

## SIERRA SPECIAL EDUCATION ADVOCACY

Helping families navigate special education

The following providers are offered as a resource for families seeking neuropsychological and/or psychoeducational evaluations. Inclusion on this list is based on prior experience, referrals, or recommendations received by SSEA from clients or professional contacts. Listing a provider does not constitute an endorsement, recommendation, or guarantee of services or outcomes. SSEA has no financial or professional affiliation with any provider listed and encourages families to independently evaluate and select providers that best meet their needs.
