**To ULS friends and Partners,**

### **ULS Activities 2022 achievement and needs**

First of all, I would like to thank everyone for putting together to make impossible to possible. Yes, everyone needs to be happy for this wonderful accomplishment,

On the name of ULS Staff and the community, I blessed everyone and thankful to God for our good mission together. Our dream is coming a true reality.

Like you will observe at the pictures, we are more comfortable at the new and nice building more space and better environment to provide a better quality of health care.

Your support means a lot for us, we make life change with your support.

Please be happy, join our cause and continue support us with the followings:

- Be ULS ambassador to share our vision and our works to extend our network.
- Monthly donation to help with supplies, medicine and salaries
- Visit us and be Volunteer at ULS activities
- Donate medical supplies and equipment

### **Need your help at this time for:**

- Medicine, supplies and medical Materials including ambulance, hospital bed, chairs ...
- Monthly personal Salaries for hospital program activities daily operating
- Shelving for our medicine depot
- Extend our construction for the staff dormitory
- Kids sponsorship
- Community health evangelism program
- Development work for long-term sustainability like microloan and support the farmers.

### **Upcoming events:**

- December 28<sup>th</sup> Widows Christmas Party
- Community evangelism program / young Bible competition December 26 to 31<sup>th</sup>, 2022
-

Thank you for your time to go through my pictures and trying to understand our engagement.

I also attached some of our old clinic just to compare how much blessing we are together.

I think you realize that and understand the important and impact of our work at the communities.

Also, you can convince that how much important you are in this project. All is successful is because of your support. And we need to keep our team stronger for the sustainable of our mission.

All the accomplishment is just the beginning as you may observe at the pictures. Now we have space/ building but need:

- Team / nurses and doctors
- Medical equipment: desk , medical bed/stretchers, chairs, dental chair, fil cabinet, dental compressor, .....oxygen concentrator , ultrasound machine
- Laboratory material and supplies
- Medical supplies : gauze, seringue, tensiometer, .....
- Surgery material and equipments : Cautery machine,

Thanks for sharing, supporting and promoting ULS work.

Prepared by MESADIEU Maudelin, ULS Executive Director
