Dear Ladies of the Club,

Hi, my name is Ko-Ko Mi-Ku and my new mommy and daddy are your editor and her sweetie (she calls him that). I never knew when I left my first home that I would get to walk and run and leap and hop in such a wonderfully smelly place.

My new brother thinks I am sort of bothersome but he loves me, I know. And my new parents are a little slow, but they are learning. I think they are educable. They don't seem to understand that when a guy's gotta go, he's gotta go! But we are working out a compromise.

I've been helping mom in the garden and I think she is really pleased. I've dug up and eaten a lot of pansies and she seems quite happy with the result. To help me out, she actually dug more up for me and planted them in pots. So everything is going just swimmingly here. I hope I get to meet all of you soon. Mama says you are all real nice!

Dear Ladies,

The bus trip to Edenton is next Friday, April 12, from 7 a.m. to approximately 7 p.m. It is \$95 and we have nine seats left. If you haven't already signed up, please join us. The weatherperson promises perfect weather and if he or she is wrong, the bus trip itself is always great fun!

Edenton is such a quaint, lovely village. If you haven't been, you'll love it! You can sign up at the garden club meeting this Thursday.

Best regards,  
Deborah Van Dyken
