

# Family Stability & Economic Support

## Act

**Strengthening households through affordability, childcare access, and multi-generational support.**

## THE ISSUE

Families across the country are facing increasing financial pressure due to rising costs of living, limited childcare access, and housing challenges.

Key concerns include:

- High childcare costs and limited availability
- Financial strain on working families
- Barriers to stable housing
- Reduced ability to build long-term family stability

## LEGISLATIVE PRIORITIES

### **Family Cost-of-Living Relief Plan**

Address rising costs impacting working families, including essential goods and services.

### **Childcare Support Solutions**

Expand access to affordable, reliable childcare options.

### **Tax Relief for Working Families**

Implement targeted tax relief to reduce financial burdens and increase household stability.

### **Multi-Generational Housing Incentives**

Encourage housing solutions that support extended families living together and sharing resources.

## EXPECTED OUTCOMES

- Increased financial stability for families
- Improved access to childcare
- Stronger household support systems
- Greater long-term economic security

## FIRST ACTION

Introduce legislation focused on reducing cost-of-living pressures, expanding childcare access, and strengthening family-centered housing solutions.

**Strong families are the foundation of a strong nation.**
