In the above example, the member of staff works for 4 days, travels to work by car on three days and walks one day and has a medium sized car. Total vehicle travel per week is 30 miles.

[^0]
[^0]:    ${ }^{1}$ If 2 days car and 2 days walk then put ' $2 \mathrm{C}, 2 \mathrm{~W}$ ' or if all car, just put ' C '
