

SPAIN: National Recovery and Resilience Plan

The plan allocates the €69,50 billion in grants, does not propose any loans.

Data Source: Spanish NRRP, Reformatted by CEPS

Tables by Headings and Sub-headings

Components	€ billion
Urban and rural agenda, agricultural development and the fight against depopulation	14,4
Resilient infrastructures and ecosystems	10,4
A fair and inclusive energy transition	4,31
A public administration for the 21st century	6,38
Modernisation and digitalisation of industry and SMEs, entrepreneurship and business environment, recovery and transformation of tourism and other strategic sectors	16,7
Promotion of science and innovation and strengthening of the capabilities of the National Health System	4,94
Education and knowledge, lifelong learning and capacity building	7,31
The new care economy and employment policies	4,85
Promotion of the culture and sports industries	0,82
Modernisation of the tax system for inclusive and sustainable growth	0
TOTAL	69,5

Components and Reforms/Investments

Components	Reforms/Investments	€ Bn
Urban and rural agenda, agricultural development and the fight against depopulation	Action Plan for sustainable, safe and connected mobility in urban and metropolitan areas	6,53
	Housing rehabilitation and urban renewal plan	6,82
	Green and digital transformation of agri-food and fisheries industries	1,05
	Total	14,4
Resilient infrastructures and ecosystems	Ecosystems and biodiversity conservation and restoration	1,64
	Coastal area and water resources preservation	2,09
	Sustainable, safe and connected mobility	6,66
	Total	10,4
A fair and inclusive energy transition	Renewable energies implementation and integration	3,16
	Electrical infrastructures, promotion of smart networks and deployment of flexibility and storage	1,36
	Renewable hydrogen roadmap and sectoral integration	1,55
	Fair transition strategy	0,3
	Total	6,38
A public administration for the 21st century	Modernisation of public administration	4,31
	Total	4,31
Modernisation and digitalisation of industry and SMEs, entrepreneurship and business environment, recovery and transformation of tourism and other strategic sectors	Industrial Policy Spain 2030	3,78
	Fostering SME growth	4,89
	Modernisation and competitiveness of the tourism sector	3,4
	Digital connectivity, cybersecurity, 5G deployment	3,99
	Total	16,07
Promotion of science and innovation and strengthening of the capabilities of the National Health System	National Strategy for Artificial Intelligence	0,5

	Institutional reform and capacity building in the national science, technology and innovation system	3,38
	Renewal and expansion of the capabilities of the National Health System	1,06
	Total	4,94
Education and knowledge, lifelong learning and capacity building	National Plan for Digital skills	3,59
	Strategic plan for Vocational Training	2,07
	Modernisation and digitalisation of the education system, including early years education from age 0 to 3	1,64
	Total	7,31
The new care economy and employment policies	Emergency plan for the care economy and reinforcement of inclusion policies	2,49
	New public policies for a dynamic, resilient and inclusive labour market	2,36
	Total	4,85
Promotion of the culture and sports industries	Valorisation of the cultural industry	0,32
	Spain audio-visual hub	0,2
	Sports industry promotion plan	0,3
	Total	0,82
Modernisation of the tax system for inclusive and sustainable growth	Measures and actions to prevent and combat tax fraud	-
	Tax reform for the 21st century	-
	Improving the effectiveness of public spending	-
	Long-term sustainability of the public pension system within the framework of the Toledo Pact	-
TOTAL		69,50

Reforms/investment and Measures

Reform/investment	Measures	€ billion
Urban and rural agenda, agricultural development and the fight against depopulation		14,4
Action Plan for sustainable, safe and connected mobility in urban and metropolitan areas	Low Emission Zones and transformation of urban and metropolitan transport	2,92
	Incentive plan for the installation of recharging points, the purchase of electric and fuel cell vehicles and innovation in electromobility, recharging and green hydrogen.	2
	Actions to improve the quality and reliability in the Cercanías service	1,62
	Total	6,53
Housing rehabilitation and urban renewal plan	Rehabilitation programme for economic and social recovery in residential environments	3,42
	Programme for the construction of social rental housing in energy-efficient buildings	1
	Building Energy Rehabilitation Programme (BERP)	0,3
	Regeneration programme and demographic challenge	1
	Programme to promote the rehabilitation of public buildings (PIREP)	1,1
	Aid programme for the development of pilot projects for local action plans of the Spanish Urban Agenda	0,02
	Total	6,82
Green and digital transformation of agri-food and fisheries industries	Plan to improve efficiency and sustainability in irrigation.	0,56
	Plan to boost the sustainability and competitiveness of agriculture and livestock (I): Modernisation of animal and plant health laboratories	0,01
	Plan to boost the sustainability and competitiveness of agriculture and livestock (II): Strengthen training and biosecurity systems in nurseries and cleaning and disinfection centres.	0,04

	Plan to boost the sustainability and competitiveness and livestock (III): Investments in precision agriculture, energy efficiency and circular economy.	0,3
	Digitisation Strategy for the Agri-Food, Forestry and the Rural Sector: development of actions to support for digitisation and entrepreneurship in the agri-food, forestry and rural sectors.	0,04
	Plan to boost sustainability, research, innovation and digitalisation of the fisheries sector (I) Modernisation of the Network of Marine Reserves of Fishing Interest	0,09
	Plan to boost sustainability, research, innovation and digitalisation of the fisheries sector (II) Promotion of fisheries and aquaculture research and support for training	0,14
	Plan to boost sustainability, research, innovation and digitalisation of the fisheries sector (III) Technological and innovation in the fisheries and aquaculture sector	0,11
	Plan to boost sustainability, research, innovation and digitalisation of the fisheries sector (IV). Digitalisation and use of ICTs in the fisheries sector	0,11
	Plan to boost sustainability, research, innovation and digitalisation of the fisheries sector (V) Support for the fight against illegal, unreported and unregulated (IUU) fishing	0,44
	Plan to boost sustainability, research, innovation and digitalisation of the Fisheries Sector (VI) Support for the financing of the Fisheries Sector	0,05
	Total	1,05
Resilient infrastructures and ecosystems		10,4
Ecosystems and biodiversity conservation and restoration	Digitisation and knowledge of the natural heritage	0,14
	Conservation of terrestrial and marine biodiversity	0,55
	Restoration of ecosystems and green infrastructure	0,55

	Sustainable Forestry Management	0,4
	Total	1,64
Coastal area and water resources preservation	Materialisation of actions for purification, sanitation, efficiency, saving, reuse and safety of infrastructures (DSEAR)	0,64
	Monitoring and restoration of river ecosystems, aquifer recovery and flood risk mitigation	0,8
	Digital transition in the water sector	0,38
	Adaptation of the coast to climate change and implementation of Marine Strategies and maritime spatial plans	0,27
	Total	2,09
Sustainable, safe and connected mobility	National transport network: European corridors	2,99
	Trans-European Transport Network. Other actions	1,91
	Intermodality and logistics	0,97
	Programa de apoyo para un transporte sostenible y digital	0,8
	Total	6,67
A fair and inclusive energy transition		6,38
Renewable energies implementation and integration	Development of innovative renewable energies, integrated into building and in production processes	2,36
	Sustainable energy in the islands	0,7
	Total	3,16
Electrical infrastructures, promotion of smart networks and deployment of flexibility and storage	Deployment of energy storage	0,68
	Digitisation of networks	0,52
	New business models in the energy transition	0,16
	Total	1,36

Renewable hydrogen roadmap and sectoral integration	Renewable hydrogen: a project country	1,55
	Total	1,55
Fair transition strategy	Investments in Fair Transition	0,3
	Total	0,3
A public administration for the 21st century		4,31
Modernisation of public administration	Modernisation of the General Administration of the State	0,96
	Tractor projects for digitisation of the General State Administration	1,21
	Digital Transformation and Modernization of the Ministry of Territorial Policy and Public Administration and of the Autonomous Regions and the Local Entities	1
	Energy Transition Plan in the the General State Administration	1,07
	Transformation of the Administration for the Implementation of the PRR	0,07
	Total	4,31
Modernisation and digitalisation of industry and SMEs, entrepreneurship and business environment, recovery and transformation of tourism and other strategic sectors		16,07
Industrial Policy Spain 2030	Sectoral data spaces (contribution to driving digitisation projects in strategic productive sectors)	0,4
	Programme to boost industrial competitiveness and sustainability	2,53
	Plan to support the implementation of waste legislation and the promotion of circular economy	0,85
	Total	3,78
Fostering SME growth	Entrepreneurship	0,37
	Growth	0,49
	Digitalisation and innovation	3,51
	Trade Support	0,32

	Internationalisation	0,2
	Total	4,89
Modernisation and competitiveness of the tourism sector	Transformation of the tourism model towards sustainability	1,92
	Digitalisation and intelligence programme for destinations and the tourism sector	0,34
	Tourism resilience strategies for extra-peninsular territories	0,22
	Special actions in the field of competitiveness	0,92
	Total	3,4
Digital connectivity, cybersecurity, 5G deployment	Favouring territorial structuring through the deployment of networks: Extension of ultrafast broadband	0,81
	Reinforcement of connectivity in reference centres, socio-economic engines and sectoral digitisation projects	0,48
	Connectivity vouchers for SMEs and vulnerable groups	0,08
	Renewal and sustainability of infrastructure	0,08
	Deployment of cross-border digital infrastructures	0,5
	5G deployment: networks, technological change and innovation	1,41
	Cybersecurity: Strengthening of citizens, SMEs and professionals; and Boosting of the sector's ecosystem	0,52
	Total	3,99
Promotion of science and innovation and strengthening of the capabilities of the National Health System		4,94
National Strategy for Artificial Intelligence	IA National Strategy	0,5
	Total	0,5
Institutional reform and capacity building in the national science, technology and innovation system	Complementary Plan with Autonomous Communities	0,28
	Capacity building, infrastructure and equipment of SECTI actors	0,45

	New R&D&I projects Public Private, Interdisciplinary, Proofs of concept and granting of aid as a result of international competitive calls. Cutting-edge R&D oriented to society's challenges. Pre-commercial public procurement	1,17
	New Scientific career	0,29
	Transfer of knowledge	0,4
	Health	0,49
	Environment, climate change and energy	0,09
	R&D&I in sustainable automotive (PTAS)	0,04
	Aerospace sector	0,16
	Total	3,38
Renewal and expansion of the capabilities of the National Health System	Investment plan for high-tech equipment in the National Health System	0,79
	Actions to reinforce prevention and health promotion	0,62
	Increasing capacities to respond to health crisis	0,81
	Training of health professionals and resources for knowledge sharing	0,13
	Plan for the rationalisation of consumption of pharmaceuticals and promoting sustainability	0,21
	Health data lake	0,1
	Total	1,06
Education and knowledge, lifelong learning and capacity building		7,31
National Plan for Digital skills	Transversal digital skills	0,73
	Digital Transformation of Education	1,41
	Digital skills for employment	1,26
	Digital professionals	0,19
	Total	3,59
Strategic plan for Vocational Training	Reskilling and upskilling of the labour force linked to professional qualifications	1,22

	Digital Transformation of Vocational Education and Training	0,26
	Innovation and internationalisation of vocational training	0,59
	Total	2,07
Modernisation and digitalisation of the education system, including early years education from age 0 to 3	Programme to promote schooling in the First Cycle of Infant Education with new places publicly owned (priority for 1 and 2 year olds): Refurbishment/rehabilitation and equipment for new units; new construction and equipment; and operating costs	0,67
	Guidance, Advancement and Educational Enrichment in centres of special educational complexity educational centres (#PROA+ Programme).	0,36
	Creation of Units for Accompaniment and Guidance Personal and Family Guidance educationally vulnerable pupils, in the educational or psycho-pedagogical services located in school zones and districts.	0,12
	Education and training of teaching and research staff	0,38
	Improvement of digital infrastructures, equipment, technologies, digital teaching and digital teaching and evaluation and assessment	0,15
	Total	1,65
	The new care economy and employment policies	
Emergency plan for the care economy and reinforcement of inclusion policies	Long-term care and support plan: deinstitutionalisation, equipment and technology	2,1
	Modernisation Plan for Social Services: Technological transformation, innovation, training and reinforcement of care for children	0,89
	Accesible Spain Country Plan	0,16
	Plan Spain protects you against male violence.	0,15
	Increasing the capacity and efficiency of the reception system for asylum seekers	0,19
	Total	3,5

New public policies for a dynamic, resilient and inclusive labour market	Youth Employment	0,77
	Employment Women and gender mainstreaming in public policies support for employment activation	0,1
	Acquisition of new competences for the digital, green and productive productive transformation	0,43
	New territorial projects for rebalancing and equity	0,56
	Governance and policy support for activation support policies for activation for employment	0,11
	Integral plan to promote the Social Economy for the generation of an inclusive and sustainable economic fabric	0,1
	Promoting inclusive growth by linking social inclusion policies to the National Minimum Living Income (LMI)	0,29
	Total	2,36
