

What is a “Truth Centre” and Why Was It In Effect for 4 Years? 17 Nov. 2024

Premise: (loosely evident for the past 5 decades and becoming dead obvious subsequent to April, 2020):

The world is operated, to a large degree, on a foundation of falsehood, leading to the realization that we are living in a world of *illusion*.

Historical notes (pertinent):

- ~**1979** - discontinued allopathic (‘doctor’) office visits, by way of physiological signals,
- \geq **1979** - physiologically triggered to remove certain products from my diet (eg. aspartame, canola oil, hydrogenated synthetic fats, all seed oils, a numerous list of food additives/ chemicals, refined carbohydrates, etc.)

- ~**1980** - tipped off by a nurse - looked into ‘vaccination’ in 1987 –

Research materials: 3 books and a thesis from UBC.

Conclusion: with encephalitis and ‘sids’ as a possibility from childhood injections – we did not vaccinate 3 children from 1988 to 1998.

Result: collectively - 98 years of health – 3 individuals.

- **March 2020** - intuitively guided to declare the program a **hoax**, subsequent to notions of job losses and lockdowns, due to a *virus*.

Action taken: Immediately set forth to get to the bottom of things, as in 1987.

Follow up: Not knowing what to do with research findings, given the global nature of this event (i.e. my wife and I were included in the program, without our consent) I decided to post a few ‘papers’ in our art gallery and eventually, due to cost & ease, I established tabs on our existing company website to display evidence. *The decision to ‘go public’ was directly related to the global oppression of the event.* The art gallery ended up being the “Truth Centre” consuming approximately 300 square feet of wall space with documentation, books, and completed papers. The physical Truth Centre ran from April 2020 to April 2024.

- **Today** -

Truth Centre Space: Reduced to a powerful book selection and the images of 14 individuals who were positioned to tell the truth on microbiology, since 1765.

Online: Company website information – removed; New site representing much of the original research – www.rebuildthenation.ca.

- ~2021 – again relying on physiological responses, subsequent to the emergence of a cardiac arrhythmia (heart palpitation), and after being on a cardio-vascular fitness regimen for my whole life, I was again on a search for truth -

Research material: “The Invisible Rainbow – A History of Electricity and Life” by Arthur Firstenberg

Conclusion: Electromagnetic Frequency (EMF) Radiation induced cardiac irregularity is one of 33 symptoms listed.

Action taken: Removed all available sources of EMR from our property – a) 2 cell phones, b) all cordless phones, c) wi-fi (hard wired with ethernet cables, d) turned off the “smart” meter.

Result: Eliminated the arrhythmia within one week time.

Formal training:

Electrical/Electronics Technology – B.C.I.T. - 1977-1979

Emergency Medical Technician (Ambulance) – U. of Calgary Kinesiology – 2004

Truth Centre Removal:

After 48 months, all factors pointed to the near ubiquitous programming of the masses by repetitive content. Those who were guided to *question* appeared to be somewhat rare, and to have been born with this innate component. The removal of the majority of the physical Truth Centre was due to these factors and the inability for the presentation of truth to have an effect against a programmed mind. Acute and pertinent details remain in the former Truth Centre space.

Truth Centre Summary (brief):

1. We are moving to a condition on planet Earth that is known as being *Settled in Light & Life*. Fundamentalist Christians know this condition to be the establishment of the *Kingdom of Heaven on Earth*. They are the same item, and it is the freeing of all Earth inhabitants from the clutches and persuasion of *evil*.
2. As mentioned above, this planet is being guided by a ‘global agenda’, for the self-interest of this agenda, with little respect for the individual incarnate. It is a carefully crafted plan to give value to things which have no value and to devalue things which, in many cases, do have value. This system of abuse which many of us have been guided to carry out terminates with #1, above.
3. The largest falsehood that exists in our societies, and has existed in a concentrating manner, for 158 years, is the notion of *invading pathogens*. The reason for this is, a) the *fear* campaign is the easiest way to manipulate humanity, and c) this campaign is also the highest money-making scheme, by far.
4. It is also the conclusion that the *salvation* of the global population comes from the empowerment of the individual. This is why the truth has been presented by way of a public platform. It is also in keeping with these important quotes from the King James Bible:

“My people are destroyed for lack of knowledge.”
“... and ye shall know the truth and the truth shall make you free.”

Activity Since April 2024:

The coming of eternal Light & Life is imminent and once established, eternal. A program to install this phenomenon became available at this time (initiated 3 years ago) and it is available for the global public consent here: gpms.world. It is the Global People’s Monetary System – **for** the people, **by** the people. In the time that I have been involved with this installation I have found no flaws in its potential ability to provide peace, freedom and abundance for all.

It is worth noting that the resources that are available, from dear Mother Gaia, are more than adequate to provide these 3 elements to every child, woman & man on the planet. It is by way of falsehood & illusions that they are not.

The end is certain.
