

## Structure of Our Superuniverse

| <u>Unit</u>              | <u>#</u> | <u>Contains</u>         | <u>Particulars</u>             |
|--------------------------|----------|-------------------------|--------------------------------|
| Superuniverse            | 7        | 20 Major Sectors        |                                |
| Major Sector             | 5        | 100 Minor Sectors       |                                |
| Minor Sector             | 3        | 100 Local Universes     |                                |
| Local Universe (Nebadon) | 84       | 100 Constellations      | Jesus' domain (Creator Son)    |
| Constellation            | 70       | 100 Systems             |                                |
| Local System (Satania)   | 24       | 1000 (inhabited) worlds | Lucifer's <u>former</u> domain |
| World (Earth/Urantia)    | 606/619  |                         |                                |

### Notes:

Reference - The Urantia Book (urantia.org)

The 7 Superuniverses references - 15:2 & 15:7

All numbers are approximate as planets are being born into, and taken out of material existence.

Satania (at the time of Urantia writings) has 619 inhabited worlds over 562 various systems (32:2.10)

- 511 systems have one inhabited world
- 46 systems have 2 inhabited worlds
- 4 systems have 3 inhabited worlds
- 1 system has 4 inhabited worlds

Nebadon (at the time of Urantia writings) has 3,840,101 inhabited planets (32:2.9)
