ABOUT KERI

I'm Keri, and I am a sports photographer and a sports Mom. This combination gives me a unique perspective on how athlete want to express their vision from their unique perspective, style, sport and individual style. Sports portraits are the perfect way for athletes to collaborate with to achieve an exclusive sport portrait photoshoot.

YOUR GAME YOUR WAY!

Once you book your portrait session, you will receive a questionnaire. This information will be used to custom design your session. During our photoshoot, I will help you feel comfortable and guide you through the looks we want to create.

LET'S GO!

Thank you, and I look
forward to working
together!

Your biggest fan,
Keri
