

Taylor Krueger, Candidate, Ward 2, City Council
Statement for Lincoln County Voter's Pamphlet
2026 Midterm Election

Krueger's entry didn't make it into the pamphlet through no fault of her own. Many who depend on the Voter's Pamphlet for candidate information. **Please** make sure others learn about her by sharing this. They can also see it in the LWV's handy website: vote411.org.

Statement

I'm running for City Council because I believe Lincoln City can grow without losing the character, natural beauty, and neighborly spirit that make this place home.

My connection to Lincoln City is personal—and spans three generations. My parents live in Roads End, my daughter attends Taft Elementary, and I own and operate a business within city limits. I understand both the opportunities and challenges facing our community—and I care deeply about the future we're creating for the next generation.

My priorities are practical: expanding attainable workforce housing; strengthening public safety and emergency preparedness; maintaining dependable roads and infrastructure; supporting locally owned businesses; and protecting our coast and Devils Lake for future generations.

My professional experience has taught me that lasting solutions require listening, careful planning, responsible stewardship of public resources, and collaboration. On City Council, I will ask thoughtful questions, follow the facts, communicate openly, and seek common ground without compromising accountability or ethical standards.

Lincoln City's best future will be built together—with practical leadership, responsible growth, and respect for every neighborhood. I would be honored to earn your vote.

Career & Education
