Sub: Appreciation Letter

Dear Col. Ritesh,

We are writing to express our heartfelt appreciation to **Varisth Global Foundation** for your invaluable support and collaboration with **Securefire Safety Industries Private Limited (SIIC-IIT KANPUR)**. Your foundation's expertise and guidance have been instrumental in helping us achieve significant milestones during our display at **Mathura (1st March 2025 – 5th March 2025)** for the **Indian Army**, where we showcased our **patented technology-based product—TiFi Fire Entry Suit along with other life-saving advance material-based products**.

Our **patented, advanced technical textile-based, high-quality life-saving products** received high appreciation from technical officials who attended the event. We are hopeful that we will soon receive **queries** from them. Additionally, the **FR Dungaree**, developed using **advanced technical textiles**, was highly praised by **Maj. Gen. D.P. Singh Sir**, who asked us to submit its technical specifications to bring it ahead.

None of this would have been possible without the tireless efforts and unwavering commitment of your team. Your foundation's dedication to **fostering innovation and technological advancement** has been evident throughout our partnership. The **professionalism, expertise, and enthusiasm** displayed by **Varisth Global Foundation** have been truly outstanding.

Your support has enabled us to **bridge the gap between academia, industry, and end-users**, facilitating the transfer of knowledge and expertise to address real-world challenges. We are particularly excited about the **upcoming advance specifications for the FR Dungaree**, which would not have been possible without your foundation's assistance. Your contribution has not only strengthened our research capabilities but also paved the way for potential collaborations with **government agencies**. Future **trials and showcases**, followed by a **Purchase Order (P.O.) or MOU**, will stand as a testament to the power of collaboration and innovation—demonstrating the impact that can be achieved when **industry and government** unite to tackle critical challenges.

We express our deepest gratitude for the opportunity to work together and explore new avenues of collaboration. We look forward to continuing this partnership and working towards a **safer, more innovative future**.

Sincerely,

Premendra Pratap Singh
Founder & CEO
Securefire Safety Industries Pvt. Ltd.
