

## Foster Application and Agreement Form

To help ensure the best possible placement of our animals, and in order to determine that the proposed foster is in the best interest of the animal, you, and your family, please fill out the form below.

When filling out the form, please be as thorough as possible.

### Next Steps:

- After processing your application, a staff member will reach out to schedule an interview and home visit, as applicable.
- The home visit may be video-recorded for our review and determination for the best-suited home.

This application is not a contract or guarantee that you will be approved for a foster. Submission of an application does not hold or guarantee a particular animal for you. Animals received may receive numerous requests and we will do our best to place each animal in the home that best meets the physical, emotional, and mental needs of the animal.
