

MATERIALS FORMING LABORATORY,

DEPT.OF M.M.E., IIT MADRAS.

Date:

CLASS: I M.TECH, MATERIALS FORMING

FEED BACK ON 3MM 5650 PRESS TOOLS FOR METAL FORMING

Please give your ratings in terms of points out of 10 for each question

1. Clear cut briefing of the objectives & scope of the course was given by the teacher in the beginning of the course.	
2. The course was carried out systematically from the fundamentals to the depth in a very cohesive and logical manner.	
3. Adequate practical examples were cited during the course to understand the concepts clearly.	
4. The course contained enough Maths which was made user friendly.	
5. The course evinced with the sufficient take off from the Maths relevant to the concepts.	
6. Thus, the Maths involved in the course never appeared dry.	
7. The class hours were used very productively up to minutes.	
8. The teacher was patient to answer naive (innocent) questions.	
9. The course covered almost all the chapters relevant to the title.	
10. The monographs supplied by the teacher augmented the course well.	
11. The course was very heavy, but, I feel, for PG, it should be so.	
12. The course could be divided into two courses, namely: Bulk Forming Tools & Sheet Metal Forming Tools.	
13. The course taught by the teacher was certainly a new exposure to me.	
14. The course was more knowledge oriented than a mere academic one.	
15. The Periodical Tests conducted by the teacher made me think more about the course concepts.	
16. The method of testing was crisp and focused.	
17. The preparations and strain the teacher took to teach this course deserve	
18. Overall, the course had made me enthusiastic and broadening of my thinking.	
19. The digitization of main topics, section in topic enable me to add further points in future on my own whenever I come across such new information.	
20. The teacher made the class during his entire sessions interesting.	

Please turn over

21. The course demanded a lot of time on my part.	
22. Each statement, the teacher made in the course was of utmost relevance to the course.	
23. Several points, the teacher said in the classes went above my head.	
24. Several concepts the teacher taught were recalled and correlated by the teacher himself to the concepts discussed with reference to earlier topics or sub-section.	
25. The teacher was eager to clarify question raised by me.	
26. The teacher never was misleading and avoiding questions.	
27. The teacher understood our difficulties in understanding concepts and took pains to explain again and again.	
28. The class hrs looked more informal than the routine mundane type of formal ones.	
29. I have no regrets to have registered for this course.	
30. The teacher included yester year's research project abstract in the appropriate topics and sections and thus, maintained the implicity of dynamism in syllabus of the course.	
31. Irrespective of above 30 questions, I would give my rating for the course as:	
32. Irrespective of above 30 questions, I would give my rating for the teacher as:	
33. The teacher expressed his genuine happiness when a student answered a general question concerned with the subject, by the teacher.	
34. The evaluation of test papers was judicious.	
35. The answers of the test papers were discussed later	
36. The teacher saved our time during the semester by giving all relevant information concerned with his course. Our search in Library was thus postponed beneficially towards our future time.	
37. Besides Q.36, I would have been unable to buy the books, theses etc, since, the course materials by the teacher were from mostly German books & Literature and his own projects and consultancy assignments.	
38. Finally, the teacher not only lived with the course, but also made me live with the course.	

Any other remark:

Thank you Gentlemen for your valuable feed back and remarks. If you wish to sign, state your name and Roll Number, you can do so. But, this is purely optional. If you do not wish to, that is also fine.
