

The Grade Five Monthly News

December

Dear Parents,

The students continue to work hard at school. For all their hard work and dedication, they will not be getting homework over the Christmas break, but they are encouraged to keep up with their daily reading and practice their multiplication facts.

The weather is getting colder so please ensure that your child has a proper jacket (gloves and toques are encouraged). The class has been working hard at practicing and memorizing their class songs for our digital Christmas concert.

We will be learning until our Christmas break. The last day of school will be Friday, December 17.

Our curriculum focus for the month of December is:

***Math**: multiplying two digits by two digits

***Language Arts**: writing paragraphs, each reading group will be completing a novel and designing a brochure in order to celebrate the novel

***Social Studies**: properly locating provinces/ territories & capitals of Canada; socials project will be due before Christmas break (Dec. 17)

****Religion**: the meaning of Advent; completing the understanding of the Church's message

***Science**: skeletal/ muscular systems; conduct an exercise experiment

The Grade 5 class and I would like to wish you a very Blessed and relaxing Christmas!

Thank you for your support,
Mrs. Milan
