

January News in Grade 4

Currently Learning

Welcome back to the Grade 4 students after a lovely two week break! Our students have a busy month ahead as we prepare to knuckle down into our work.

The children were tasked with choosing a New Year's resolution that they can work towards in school. We are looking forward to improving in a variety of areas such as math, reading, writing, and generally neater work.

Our curriculum focus for the month of January is:

Math adding and subtracting fractions, continuing with multiplication tables

Language Arts persuasive writing, proper nouns

Religion parables about Jesus and the Beatitudes

Science matter

Socials exploration of BC by Europeans

We hope to have a successful month packed full of learning and fun!

Important dates and Reminders

15th Jan – Mass led by Grade 4 and Kindergarten

31st Jan – Student led Parent Teacher meeting
