

Kindergarten: February 2022

Integrated Themes: Groundhog Day, Valentine's Day and Family Day

Religion: St. Valentine, "Love one another as I've loved you", Gift from God Program

Language Arts: Printing and Phonics letters

Math: Counting by 10s, and 2s, Geometry solid shapes

Social Studies: Canada and Canadian symbols, Show and Tell

Science: Canadian Woodland animals, Moose and Canadian Goose

The Gift from God program will be beginning this month. Please pay close attention to notes going home regarding this program as there will be a homework portion that must be completed at home and returned to school. Information regarding our class performance at the Speech Arts Festival will come soon.

Valentine's Day: February 14th is Valentine's Day. Saint Valentine's Day is a day when we can do something extra special for people we love. Due to Covid regulations, we ask that there be no cards or treats brought in from home. We will make some cards that they can share with their friends during class time.

Uniform: Please be reminded that only white, green or black hair accessories are allowed at school. Jewelry is also not permitted. Please refer to the Uniform Policy section in your child's agenda for more information under the appearance and work habit rules. I know many people are waiting for ordered PE uniforms, and if so, please dress your child in **plain black** sweatpants, sweatshirt, and t-shirt so it can resemble the uniform. PE shorts are also a part of the mandatory gym uniform. Large brand names on sides of sweatpants or across the sweatshirt are not allowed.

Scholastic Book Orders: A reminder to visit Scholastic Reading Club and use the Class Code provided on monthly flyers to purchase some great books and resources for home!

Show and Tell: The topic for this month's Show and Tell is "**My Favorite Toy.**" Please send some pictures of your child's favorite toy and post it on SeeSaw on their Show and Tell day. Due to COVID, please do NOT bring the toy to school, we will pull up Seesaw on the computer and have the pictures projected for everyone to see. Students will have to describe the kind of toy they have chosen, why it is their favorite, where they got it from, etc. They must be prepared to talk to the class about it and answer questions. Refer to the February calendar on the back for the Show and Tell schedule. Please practice with your child at home prior to their assigned date and remind them to use loud voices when practicing and presenting. If your child is absent on their assigned date, please prepare them for the following day.

Happy Birthday Blessings to:

Olivia, and Adrienne!

This year Spring Break is from March 14th to March 25th

School reopens on March 28th

Thank you for your continued support and cooperation!

Mrs. Harris
