

Genfit Training Centre

Member Access & Guest Policy

Purpose

To protect the safety, security, and experience of all members and to comply with insurance and access control requirements. Genfit operates as a secure 24/7 facility. Member access is a privilege and misuse may result in penalties or termination.

Non-Member Access Rules

- Members are strictly prohibited from allowing non-members to enter the facility using their access tag.
- Opening doors for non-members outside staffed hours is not permitted.
- Sharing access tags or access credentials is prohibited.
- Allowing tailgating (a person entering behind you without swiping) is not permitted.

All non-members must attend during staffed hours, complete required waivers, be registered in the system, and enter under an approved guest pass or casual visit. There are no exceptions outside staffed hours.

Strike & Penalty System

First Strike – Formal Warning

A written warning will be issued and recorded on the member's file.

Second Strike – Access Restriction

24/7 access suspended for two (2) weeks. The member may attend during staffed hours only. Incident recorded on file.

Third Strike – Membership Termination

Immediate cancellation of membership. No refund of prepaid membership fees. Access permanently revoked.

Additional Enforcement Rights

Genfit reserves the right to escalate directly to termination in cases of serious breach, misconduct, or where member safety or facility security is compromised.

Member Agreement

By maintaining an active membership, members agree to abide by all access control policies. Failure to comply will result in enforcement of the above strike system.
