Dog First Aid Course

At **Dog First Aid Australia**, we are dedicated to reducing canine fatalities by bridging the critical gap between the point of injury and veterinary care. Our comprehensive Dog First Aid Course equips you with the knowledge and hands-on experience necessary to confidently manage canine emergencies.

Why Choose Our Course?

Real-World Training: Our curriculum is built on real-world scenarios, incorporating the latest insights from veterinary and working dog communities worldwide without the B.S.

Expert Instructors: Learn from professionals actively engaged in providing first aid and pre-veterinary care to both humans and dogs.

Enhanced Learning Experience: Our 2026 course update features new manikins and training aids, ensuring an immersive and practical learning environment

Our course is a no bullshit course, so we use real-world examples and teach for the real world. It's not some cookie-cutter crap that's out there.

Community Support

We donate either a tampon pack or pad pack per student who enrolls in any of our courses to **Share the Dignity**. Share the Dignity is a women's charity in Australia that works to make a real difference in the lives of those experiencing homelessness, fleeing domestic violence, or doing it tough. They distribute period products to women, girls, and anyone who menstruates who needs support.

In 2024, we donated: 1890 Tampons, 900 Liners, 220 Day Pads, and 104 Night Pads
