Book Your Holiday Treatments Early!

Jeuveau Botox

Quick onset in 72 hours! Lasts 3-4 months. Remember if you can't crinkle, you can't wrinkle! Stop those lines in their tracks!

JM Rejuvenation Chemical Peel

Tis the season to remove sun damage, fine lines and wrinkles. You will peel like a snake but baby soft skin will appear underneath. You must be on the Jan Marini Skin Care Management System for 1 month prior to prime your skin for the peel. About 5-7 days of peeling.

Sclerotherapy

The only spiders that I'm afraid of are the ones on my legs! This is the time to start treating these so you will be ready for Spring break. Let's get started right away.

I use a combination of injections and Aerolase Neo Laser.

*I use a variety of fillers chosen specifically for you and your individual result. I use Juvederm, Restylane, Radiesse, Revanesse Verse, and RHA. I tailor your treatment to give you the most natural affect being mindful of your budget.

Sculptra Aesthetic

The fastest way to stimulate collagen. Results start in about a month for natural looking rejuvenation. Helps with thinning skin, crepey skin, and volume loss. A series of treatments that will last over 2 years. Once we achieve our result, then you gift yourself a a birthday treatment to maintain.

Cytopeel Hydrodermabrasian

This treatment uses proprietary solutions that under pressure exfoliated like a regular microdermabrasion treatment. Simultaneously using suction it extracts debris from your pores. Zero downtime and your skin is soft plump and hydrated.

Body Sculpting by Dr. Jennifer, Exercise Optional

Literally the lazy girls way to tighten and tone. The high frequency electromagnetic paddles cause intense sustained muscle contractions. RF energy heats up to melt fat and tighten the skin. You can do up to 2 areas at a time. Abs, thighs, arms, booty! You have to try it to believe it. Best results with 10 treatments. Special 10 for \$1000.
