Dear Mr. Joseph:

On behalf of the City of Port St. Joe, I wanted to express our appreciation for the work that has been done by MJD for the City of Port St. Joe since Hurricane Michael.

Whether remediating the Eglin Lighthouse Keepers House, that is over 100 years old at the Cape San Blas Lighthouse Complex and listed on the National Register of Historic Places, or working in the Public Works Building, the services you provided were exceptional.

The professionalism, quality of work, and leadership of Jean Delvar is something rarely seen anymore. He and his team are an asset to your company and reinforce what work ethic should be.

Thank you for helping us as we recover from the devastation of Hurricane Michael which was a Category 5 hurricane that made landfall 10 miles from us.

We look forward to a long and rewarding business relationship with MJD.

Sincerely,

James A. Anderson
City Manager
