Q1

Which model do you prefer for the future organizational structure of RHGIP?

Other (please specify):

Separate agency with clearly defined goals related to housing and housing needs. Incorporating with another existing agency creates confusion as to its responsibilities and may bring opposition centered on the existing agency,

Q1

Which model do you prefer for the future organizational structure of RHGIP?

Other (please specify):

CDA 2030 has the immediate ability to keep the momentum moving forward and gather stakeholders. CDA 2030 has been successful in executing projects within a given time frame. Perhaps CDA 2030 could serve as an interim project manager until a new organization with funding and staffing could be organized. RHGIP would become a priority project for CDA 2030, similar to Envision and East Sherman.

Q1

Which model do you prefer for the future organizational structure of RHGIP?

Other (please specify):

Let the market work. Government solutions are always years behind because of the planning and legislation process. The free market adjusts more quickly, and adjusts much more quickly in providing solutions.
