

Log Home Maintenance Points to Ponder

1. How long have you owned your home?
2. What type of home is it? (Log, Timber Frame, Hybrid, Conventional with log siding)
3. What wood species is your home? (Cypress, Pine, Cedar, Redwood, Oak or other hardwoods)
4. How long has it been since the last treatment of your home? (Be prepared to describe service performed)
5. Any known rot or damage to logs or other elements of the home?
6. Any known leaks?
7. Current maintenance plan in place? (Please describe)
