

Ministering in the Jewish Community

by Bob Rapalje and Irma Williams

3/14/2023

Thank you so very much for viewing this website. In a non-critical way, please let us begin this page by saying that, while we have very strong opinions of Jesus, who He was historically, what He did for mankind, and what He did for us personally, we believe everyone during his or her lifetime needs to study the life and teachings of Jesus and decide to accept or reject them. We want our Jewish friends to know that we love the Jewish people, we always have supported Israel 100%, and most importantly, we believe Jesus is revealing Himself to people of all faiths around the world, especially to the Jews and to Islamic believers. Please realize that Jesus was born to Jewish parents by miraculous conception by the Holy Spirit. He grew up in a Jewish home, He studied and lived by the Torah, He ministered first entirely to the Jewish community, constantly attacking and being attacked by the wicked religious leaders (Pharisees and Sadducees) of His day, but He was loved and admired by thousands of followers, men, women, and children who experienced His miracles and recognized His Deity. When Jesus was put on trial by night and crucified on that cruel cross, the wicked religious leaders of the day were responsible for pressuring Pilate the Roman governor to put Jesus to death. The ordinary people who loved Jesus and who followed Him were shocked and devastated by all that had happened that Thursday night through the following Friday afternoon. Their hearts were broken! Jesus was laid in a borrowed but secured tomb of Joseph of Arimathea, a wonderful Jewish man who loved Jesus (Matthew 27:57).

Then came Sunday morning! It was Passover, and Jesus had RISEN from the dead! Notice that Jesus always was in complete control in His life. Everything that happened to Jesus, Jesus allowed to happen. Even when the guards came to arrest Jesus in the Garden of Gethsemane, at the very breath of Jesus, the guards all fell to the ground. After the resurrection of Jesus, the evidence of His resurrection is overwhelming. Despite the secured tomb, secured by a Roman guard, no dead body ever was found. His grave clothes were in form like He had evaporated out of them. Jesus appeared to His disciples and believers on several occasions, appearing to as many as 500 at one time (1 Corinthians 15:6). There were even times when, with doors and windows closed, Jesus appeared in the room.

Over the last 2000 years, millions of people have accepted Jesus and found their lives dramatically changed in very positive ways. If you accept Jesus, you do not stop being Jewish! We all grow in our faith as the Lord leads us through life. There are many Jewish people who believe Jesus was and is Messiah. People of the Islamic faith are having dreams about Jesus. Sadly, over the past 2000 years, some incorrect teachings and stereotypes about Jesus have been formed and passed down from generation to generation. Perhaps it is time to study, reconsider, and correct these misconceptions.

If you have had a dream, an experience, or a special feeling of some kind, it is very possible that this wonderful Jesus wants to reveal Himself to you. Sometimes it may be a dramatic experience or dream. Sometimes it is just a feeling that you get. John Wesley, founder of the Methodist Church, said that he "felt his heart strangely warmed!"

Again, thank you for visiting the website and for letting us tell you what Jesus means to us!
