FT. NEWS FROM THE JOURNALISM CLASS

BRAVES V. STRONGS

by Shalynne Robbins, gr. 10

At the beginning of this school year all the students were split into two groups: the Braves and the Strongs. The purpose of this was to bring the students together and give them a sense of school spirit and unity.

Each week the groups work together to earn points for their teams. There are multiple ways a student can earn points. One way is by winning a game in Physical Education, otherwise known as PE. They can also earn points by getting a 100% on a PACE test, completing all homework, and saying each weeks' Scripture verse. There are a few other ways they can earn points too. In an effort to promote good health and nutrition, the Upper Learning Center is awarded points for eating a serving of fruit and/or vegetables with their lunch. Dividing the school into teams to earn points is also a way to teach the students responsibility. Each student is responsible to keep track of his or her points on a point card. At the end of the week, the point cards are collected and added. On Monday, when the results are posted, the students find out which team own. The students get a new point card for that week and the process starts.

JOURNEY TO BETHLEHEM

by Jeremy Smith, gr. 9

Carolina Christian Academy (CCA) partnered with Faith Community Chapel for the eighth annual Journey to Bethlehem (JTB). Around half of the students, staff, and faculty volunteered to be part of this year's cast and crew. JTB requires much work and preparation.

CCA lends its campus to JTB to further spread the Gospel. This year the message of Christ's birth was shared with 10,907 people! Every one of those people were also given a cup of hot chocolate! CCA and its students are already looking forward to sharing the Gospel and hot chocolate with more people next year. Thank you to all the volunteers and willing participants who helped; whether you acted, worked behind the scenes, or simply kept us in your prayers - thank you!

OPERATION CHRISTMAS CHILD

by Luke Bowman, gr. 10

Operation Christmas Child is a way to spread Christmas joy to children all over the world. The Upper Learning Center of CCA traveled to Samaritan's Purse Operation Christmas Child Processing Center on December 16, 2021, to help pack and check boxes for the trip to various parts of the world.

As we arrived, we were greeted with smiling faces and led to the lobby where the volunteers were ready to get us working. Our group separated into five teams, and we all got our own section to work. The staff was super friendly and got us all adjusted to help get the boxes sent out to spread Christmas joy. The stations were easy to use; they had two packers, two boxers, and one or two scanners. We blew through those boxes like a speeding train! While we were there, more than 20,000 boxes were packed! Every year, around 10.5 million boxes are distributed in over 100 countries and territories. Everyone enjoyed themselves and would be happy to go again to help kids feel some Christmas love.
