# RESOURCE CONSIDERATIONS

The “FIERCE Way” is inspired by key principles in these books. We’ll review core concepts such as servant leadership, the pyramid of high performing teams, and building a cult-like culture. Do NOT feel obligated to purchase or read this literature, but DO take some time to review the abstracts for each as time permits.

Please create a “DCC” account prior to orientation. We will create and share curriculum via this portal. It’s also the platform through which your USSF licensing will take place.
