

# Player Evaluation Initiative

## Player Evaluations

FIERCE coaches conduct evaluations for each of their players. Coaches then attend a series of calibration meetings to ensure consistent and fair evaluations are conducted club-wide.

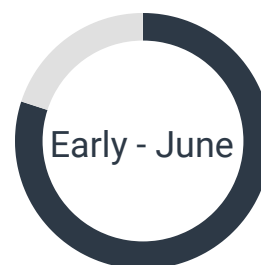

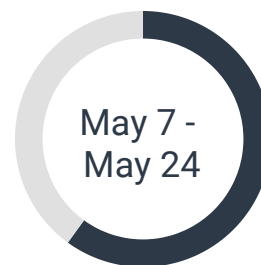

## Player Self-Evaluations

All families will be emailed (via TeamSnap) the link to access player self-evaluations. **The deadline to complete these is Sunday, May 10.** Please have players do so ASAP and on their own (if possible)!

## Virtual 1:1 Evaluation Reviews

After completing their self-evaluations, players will receive directions to sign-up for a 1:1 video call. During these, players will discuss their current strengths, areas of improvement, and goals for the upcoming season with their coach(es).

## Post-Evaluation Follow-Up

All families will be emailed (via TeamSnap) a second link to access the post-evaluation follow-up. Players will be asked to provide feedback on their evaluation experience, as well as prompted to set SMART goals for next season.

## Individual Player Report Distribution

Each player will receive a personalized report summarizing their evaluation and the SMART goals they set for themselves.
