Special Offering

✦✦ DIWALI LAKSHMI PUUJA ✦✦

Live & Direct online from Varanasi, India

**this Sunday 19th October 2025 @
2.40pm UK time**

All Welcome

Dear Friends,

We are honoured to be hosting this very rare opportunity for you to receive a traditional **Vedic Blessing Ceremony** (*puuja*), from authentic **Brahmin Pandits**

(learned scholars/priests), live streamed directly from the **Sacred Ganges in India** - from the highly spiritual city of Varanasi (Banares) (*the oldest living city in the world*).

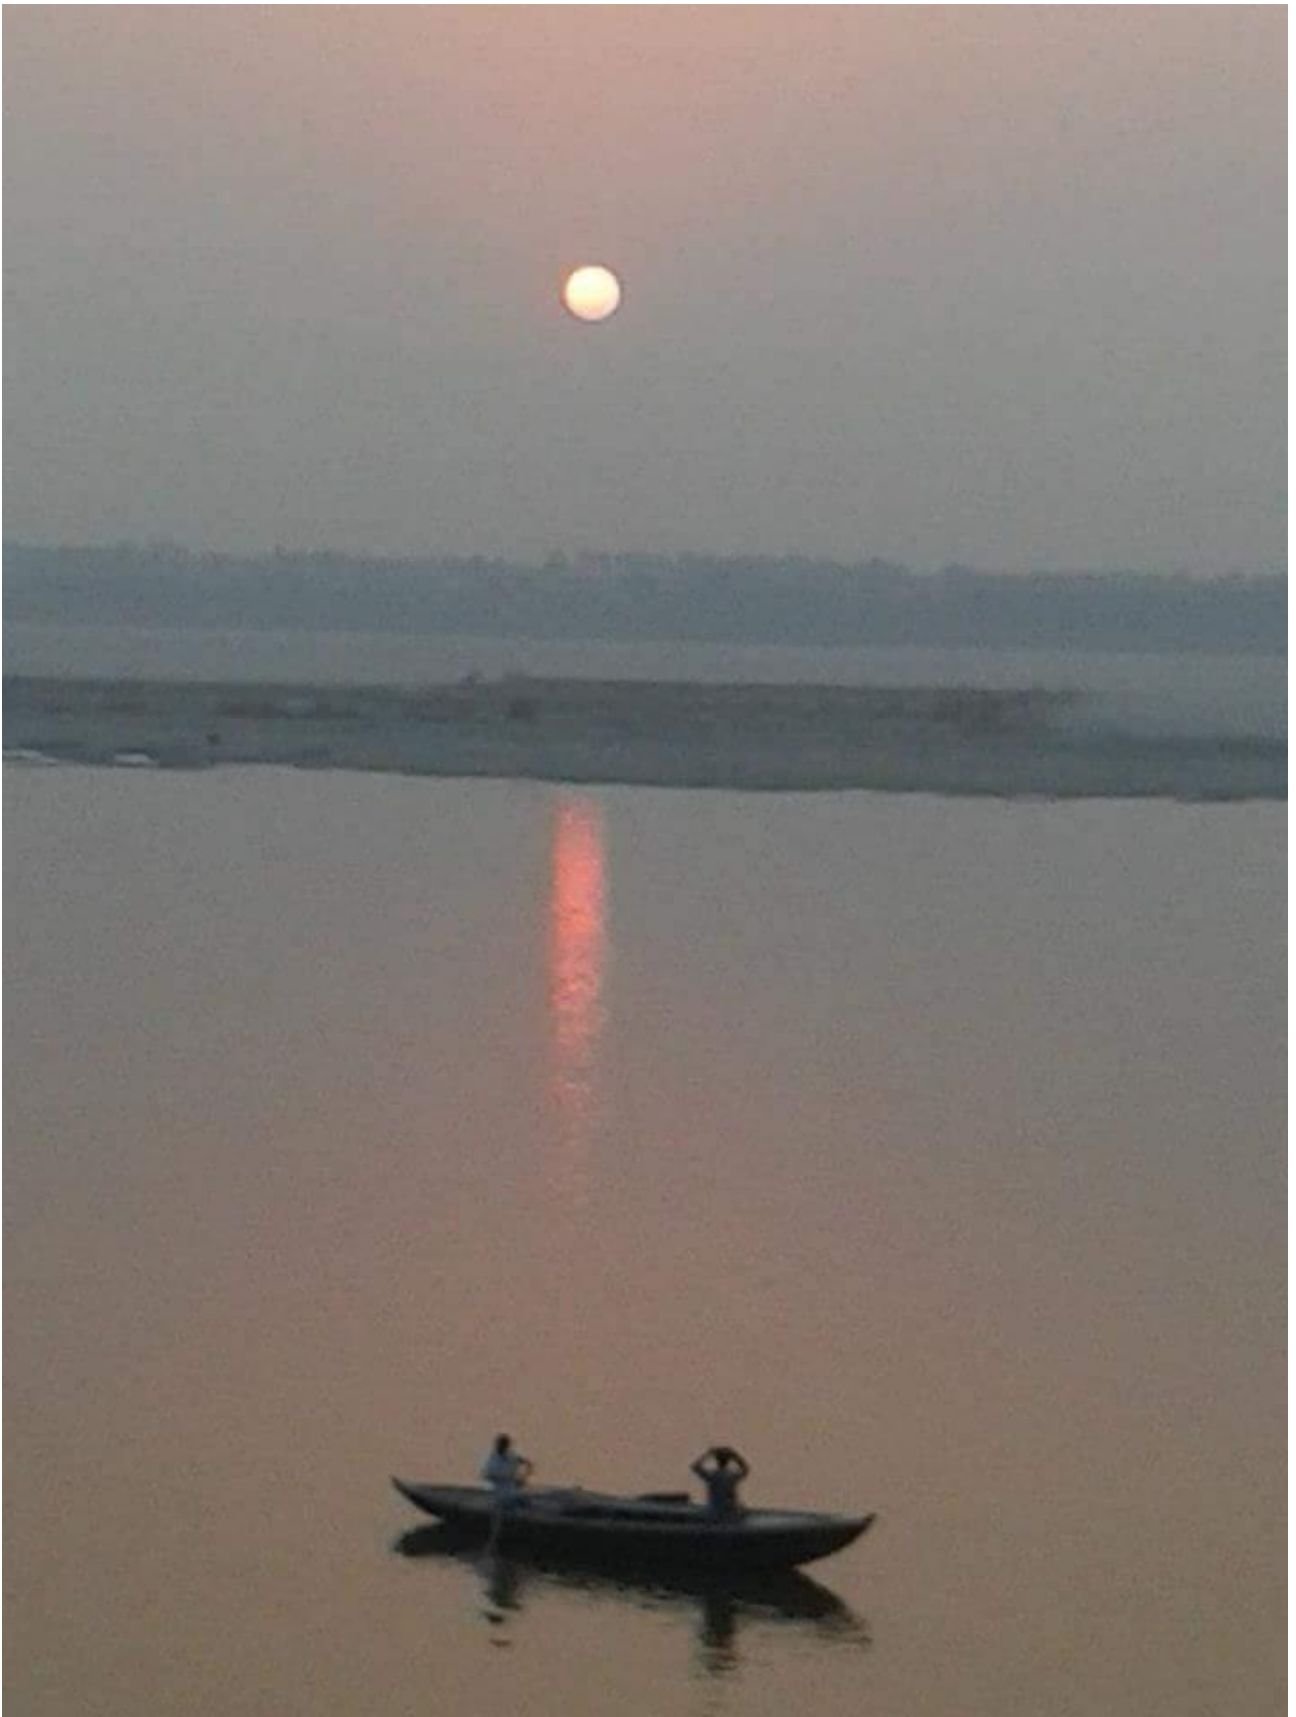

This will be a special blessing specifically held for all those attending; directed towards healing, purification, harmony and protection for your personal lives, your families and the world in these times...

If you're unable to attend in-person the blessing will still be directed to all who donate, plus it will be recorded for catch up opportunity 🙏

The Brahmin Pandits of Varanasi are particularly respected and held in awe throughout all of India. Their families have upheld and protected unbroken ancient traditions, Vedic knowledge and the highest positions in the oldest temples for many thousands of years. The Ganges river (*or Ganga Mata*) is highly revered spiritually and believed to cleanse and purify negative karma - for the living, the recently departed, and the ancestors..

In addition, this humble pandit family have been responsible for offering Prasad (food) to the impoverished people of Varanasi, every Aarti (sunset ritual), at their own expense. This puuja offering is, therefore, also being held to support those in hunger within their wider community at this time; as well as being a beautiful and beneficial spiritual offering to all those of you attending.

This will be a special blessing specifically held for all those attending; directed towards healing, purification, harmony and protection for your personal lives, your families and the world in these times...

This live-streamed puuja is specifically to venerate the Goddess Lakshmi this Diwali (festival of light) to rain blessings of spiritual abundance and prayers for light to conquer darkness. It will involve specific traditional Vedic chants & mantras, as well as ritual, held by some of the authentic custodians of this highly protected and secret ancient knowledge, and direct to you from the sacred Ganges river.

This will be conducted by members of the **Goswarmi Brahmin Pandit family**, who reside on the ghats of the Ganga (Ganges) in Varanasi.

The Blessing Ceremony (puuja):

This will be lead by:

Pandit Sri Rajeshwar Goswami

(a highly respected holy man) and his two sons, (*who are also pandits*):

Pandit Nitish Goswami and **Pandit Anmol Goswami**
(who have been conducting public ceremony since they were small children).

Sri Rajeshwar Goswami's father held and protected the ancient **Duurgaa Maa temple**, for over 50 years, and the family also protect the **Kali Maa, Shiva Ji, Ganga Mata and Hanuman temples** on different ghats of the holy city.

(All represent 'good' triumphing over 'evil')

*This family perform puujas and rites every day and night time, come rain or shine, including **Morning & Evening Aarti** (a powerful sunrise/sunset ritual throughout India; which in Varanasi takes on particular significance being also a purifying ceremony for the dead).*
