Our breakthrough technology of holographic Stick-On Apps(SOAs) adopts the science of quantum waves technology (QWT) & the methodology of holographic information programming (HIP) to calibrate & balance the Intrinsic Data Information (IDI) of the affected area (of dis-ease), thereby facilitating the body to correct & heal by itself.

QuantumEasy's Sleep Easy SOA helps our clients to achieve restorative sleep without side effects or a growing dependency on it.

Perfect for anyone struggling with sleeping issues or jet-lag.

## DON'T TAKE OUR WORD FOR IT

"...I travel frequently and Sleep Easy helps me adjust on different time zones, allow me to feel well rested and energized when I wake up."

—Lance C. D.  
Director, Google Inc

"Sleep Easy SOA worked wonders for me immediately on the first night! There's a visible difference in my sleep quality with and without it!"
