WORK EXPERIENCE RECORD

Before Mr. Kovacs founded Floor Safety Movement in 2019, he spent 14 years as an Operations Director for a renowned workplace safety company. Throughout those years, he gained extensive knowledge in slip coefficient testing and created safety programs that effectively mitigated the risk exposure of on premises injuries. These programs have been implemented to hundreds of buildings spanning across multiple states.

Since creating Floor Safety Movement, Mr. Kovacs has formed strategic partnerships in the flooring industry to build upon his industry knowledge and continue to transform the ideology of floor safety through science and standard testing methods.

Mr. Kovacs has conducted slip coefficient testing on numerous floor surfaces and flooring types. He has provided professional counsel in a number of litigation cases that cover a wide variety of topics including Premises Liability, Slips, Trips & Falls and Product Defects.
