CORPORATE PROFILE

ASAP PROS 1 is an international freight forwarding and logistics solutions provider specialized in complex, sensitive and high-value cargo operations. We operate as **a strategic logistics partner** for freight forwarders, institutions, NGOs, industrial groups and demanding sectors worldwide.

Our mission is not limited to transport. **We design, manage and secure complex logistics** chains in high-risk, regulated and operationally demanding environments.

Our positioning is built on four pillars:

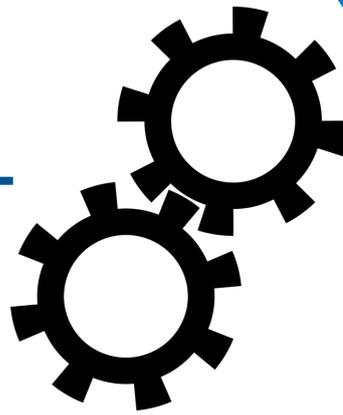

- Operational reliability
- Regulatory expertise

- Risk management
- 24/7 availability

OPERATIONAL MODEL

ASAP PROS 1 operates through a structured and integrated operational model designed for complex logistics environments.

24/7 Operations : Our teams ensure continuous operational availability, real-time monitoring, crisis management and emergency logistics response.

Single Point of Contact Model : Each project and shipment is managed through a dedicated operational coordinator, ensuring clarity, accountability and efficiency.

Crisis & Emergency Logistics We provide rapid-response logistics solutions for urgent, critical and high-risk shipments, including emergency mobilization and fast-track coordination.

Multimodal Capabilities

We operate on all transport modes :

- Air Freight: express, charter, sensitive cargo, pharmaceuticals, emergency logistics
- Sea Freight: FCL, LCL, project cargo, breakbulk, special equipment
- Road Freight: cross-border operations, sensitive transport, secured convoys
- Multimodal Logistics: integrated transport chains
- Project Cargo: industrial and technical projects

Our strength lies in our ability to combine transport modes to engineer optimized, secured, and compliant logistics solutions — powered by a fully trained team across all transport modes, for both import and export operations.

FIELD OF ACTIVITIES

Humanitarian Logistics

Logistics solutions for NGOs, humanitarian organizations and international institutions

Pharmaceutical Logistics

- Temperature-controlled logistics
- Secure handling protocols

Duty-Free & Tax-Exempt Cargo

- Exemption regimes
- Diplomatic and special regimes

- Energy sector logistics

RECENT ACHIEVEMENTS

Offshore wind turbine logistics

Modular laboratory Corsica

Mobile laboratories

Armored car

Therapeutic food convoy from USA to Niger

Aircraft spare parts shipment Brazil to Pakistan

ASAP PROSI

WORDS FROM THE MANAGERS

Joel TOMI

Managing Director and associate

“Our mission at ASAP PROS1 is simple: make complexity manageable, turn constraints into solutions, and stand by our clients 24/7 — wherever operations take us.”

Segolene CHOMARAT OYEBOLA

Managing Director and associate

“Our strength lies in risk control, regulatory mastery, and operational continuity — one team, one contact, one controlled process from origin to final delivery.”
