

| Date | Session Time | Session Theme | Description |
|---------------|-----------------------------------|---|---|
| May 20th-31st | 8:30-11:30 (morning session) |  | <p>Garden campers will spend this session immersed in the delights and adventures of working a garden! They will learn the plant cycles and identification, how to cook and eat from the garden, create arts and crafts, and spend their summer days nurturing a love of outdoor appreciation, building healthy habits, and making lasting friendships!</p> <p>This camp includes daily walking trips to the garden.</p> |
| | 12:30-3:30 (afternoon session) |  | <p>This camp will take you OUT OF THIS WORLD as campers explore the entire galaxy! Put on your astronaut gear and join Mr. Justin in learning about planets, stars, and space through games, science, crafts, and more!</p> |
| June 3rd-14th | 8:30-11:30 (morning session) |  | <p>Campers will be looking closely for all the little creatures in this camp. Enjoy collecting raw materials with Mrs. Megan to build frog dens and fairy gardens while searching for small creatures in the real magic of nature.</p> |
| | 12:30-3:30 (afternoon session) |  | <p>Mr. Justin and Mrs. Krystin will guide campers as they explore all the mysteries hidden just below their feet! Campers will enjoy hands-on activities such as digging for fossils, identifying local rocks and minerals, and learning about ancient uses for materials such as arrowheads. In this hands-on camp, campers can paint rocks, crack open geodes, and so much more, all while making lasting friendships and enjoying nature! This camp may include field trips to explore local creek beds and search for fossils.</p> |

|----------------|-----------------------------------|---|--|
| June 17th-28th | 8:30-11:30 (morning session) |  | Mrs. Megan and Mrs. Sherri will offer many different mediums to campers during this camp. From air dry clay to beads and wood, campers will have the opportunity to bring home a hand-crafted creation each day to display in their home or gift to a loved one and be proud of for years to come! |
| | 12:30-3:30 (afternoon session) |  | The Launchpad Academy is excited to bring you STEM Camp! With an array of interactive activities - including experiments, science demonstrations, and other educational experiences - your camper will have the opportunity to engage in STEM (science, engineering, technology, and math) learning while having fun! |
| July 1st-12th | 8:30-11:30 (morning session) |  | Join us on your summer break for animal antics, fun games, crafts, experiments, and animal encounters! Campers will get up close and personal with various animals, including tree frogs, gerbils, fish, dogs, bunnies, chicks, and more, as they learn how to care for and safely handle them! Campers will kick off the week with a visit from Dickerson Park Zoo. |
| | 12:30-3:30 (afternoon session) |  | Mr. Justin and Mr. Landon are excited to host Pokemon Camp! Discover the secrets of Pokemon while creating the ultimate team. Learn strategies to excel in friendly battles and emerge victorious. Art elements such as drawing Pokemon, and Pokemon-inspired outdoor games and Yoga will keep campers moving and active during this unique camp. Each camper receives their very own set of Pokemon cards and a binder to hold them. Throughout the week, campers can open booster packs and trade with each other. At the end of the week, campers get to keep their binder and cards they have collected. |

|--------------------|-----------------------------------|---|---|
| July 15th-26th | 8:30-11:30 (morning session) |  | The Launchpad Academy is excited to host ART, a summer camp where campers will learn about the wonderful world of color as they explore paint. Campers will explore how to blend and mix secondary colors and how to create tints and shades. They will experiment with watercolor, acrylic, and tempera paints and follow step-by-step directions to draw preliminary sketches on paper and canvas. This is a great introductory class for young artists who just enjoy learning by getting a little messy with paint! |
| | 12:30-3:30 (afternoon session) |  | Kids of all ages will have a BLAST with the SPLASH water camp. Campers will enjoy activities and projects full of fun and learning. From Science to Crafts, there is so much fun to be had with water. Extra fun when it's a hot week! This camp includes a field trip to the Republic Community Swimming Pool. |
| July 29-August 2nd | 8:30-11:30 (morning session) | | In our community service camp, Mrs. Megan encourages campers to develop social skills through team-building activities, leadership training, and various community service projects. |
| | 12:30-3:30 (afternoon session) | | The Babysitters Club Camp is hosted by Ms. Marie and is designed to prepare your child for the responsibilities of being a confident and reliable babysitter! Campers ages 10-17 are welcome to come and learn everything they need to be a safe and effective babysitter, while children ages 5-9 will help provide a supervised experience for our older campers and get to enjoy new games and activities while bonding with older campers. Babysitters learn how to interview parents to review house rules such as bedtimes, snacks, homework, friends, screentime, plus other expectations. In addition to safety issues and how to deal with fussy children, babysitters will learn basic first aid and how to keep children safe in an emergency. Babysitters will learn a variety of screen-free entertainment activities to play and get hands-on experience interacting with younger children indoors and outdoors, providing snacks and drinks, and |
