Instruction and certification

ENROLLMENT TERMS

JANUARY 2027 COHORT | VERSION 1.2 | OCTOBER 18, 2026

Late payments, withdrawal and refunds

Missed installments have a seven-calendar-day grace period, after which Intensive participation may be suspended until the account is current. All tuition must be paid before certification is issued.

Written withdrawal before the first instructional session results in a full refund of tuition paid. Written withdrawal within 14 calendar days after instruction begins is eligible for a prorated refund, provisionally calculated at one eighteenth of tuition for each completed instructional week. Payments collected are reconciled and remaining installments canceled for eligible withdrawals.

After the 14-day period, tuition paid is nonrefundable and remaining tuition is due, subject to applicable law and approved exceptions. More favorable legally required terms control. If CESP cancels before instruction begins, the candidate receives a full refund or may elect an offered transfer. Hardship transfers are subject to approval and availability.
