# COVID CREW'SING WITH RUSTY

**Wearing a mask can make a difference,  
Six feet apart is the new position.  
This planet was a gift from the heavens above,  
We have to give back by showing some love.**

**We are here to lead the way,  
Washing your hands can save the day.  
Today is our chance to start anew.  
Listen to science and the nurses too!**

**Mask, social distance, and hand sanitation,  
Coming together as one mighty nation.  
Being safe and changing the scene,  
Let's work together as one strong team!**

**We matter! I matter! You matter! We matter!**
