

PLEASE BE ADVISED!

CORONAVIRUS UPDATE

AS OF 3/14/2020

Area 31 of AA has over 500 meetings per week. Western Mass Intergroup is not responsible for any AA groups location being open or closed during this time.

With AA meetings being centralized in many different building types it is up to the locations to decide on their status concerning their use to the public

Here is a list of locations whom have temporarily closed due to the Coronavirus.

If you have a question on a meeting call the facility to see if they are open.

Western Mass Intergroup will do it's best to keep you updated on when the facilities will reopen. The task of keeping track of over 100's and 100's of closings or cancellations would be an overwhelming task for our staff.

We appreciate your understanding. Also our answering service does not have the information on group closings. Thanks

CORONAVIRUS UPDATE
