EYE HEALTH WORKFORCE PATHWAYS

OPTICAL DISPENSING

Optical dispensers help people see clearly by providing glasses and advice on eyewear. They play a vital role in making eye care accessible in communities, including First Nations communities.

WHAT DOES AN OPTICAL DISPENSER DO?

- Help people select the best eyewear for their needs
- Measure and fit glasses
- Advise on lens options and frame styles
- Ensure lenses are made accurately and safely
- Support eye health services in the community

WHERE CAN AN OPTICAL DISPENSER WORK?

- Optical retail stores
- Hospitals and eye clinics
- Community health services, including First Nations communities
- Mobile outreach programs
- Education and training settings

STRONG EYES, STRONG COMMUNITIES

Optical dispensers are essential in improving access to affordable eyewear and supporting healthy vision for our communities now and for generations to come.

Our Vision.

Healthy eyes. Strong culture.
Bright futures.

BE PART OF THE JOURNEY.
