NH 01 MISSION SPACE DEFENSE TECH

Mission space defense technology is the initiative to provide defense support for our Mother planet Earth, this is made possible by The special satellites loaded with the highly explosive missiles that gets orbiting around the planet earth in a continuous interval of time, these satellite senses the upcoming risk like asteroids, meteoroids, etc that may crash into the surface of earth, During those times, these satellite will be destroying them with the powerful missiles loaded inside it.

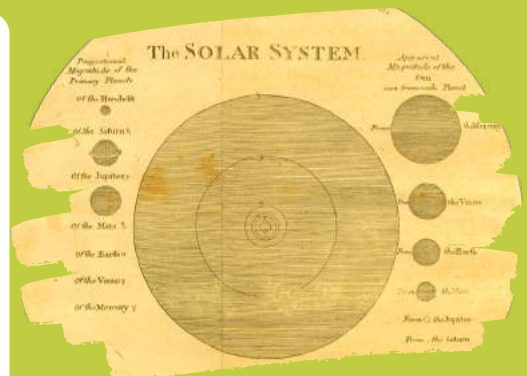

NH 02 MISSION SPACE MEDICINE THERAPY

Mission Space Medicine Therapy is an advanced medical procedure which is being developed by N & H Research park with the aim of providing health care support for the Astronauts during there training program in space camps & in Space station. Space medicine therapy is also aimed to test various medical procedures in the space station, in collaboration with other space research agencies like NASA, ISRO, JPRA, ESRA, etc.

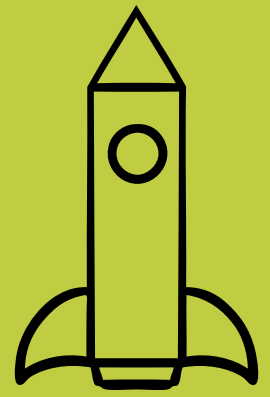

NH 03 MISSION OF LOGICAL EXPLANATIONS

Mission of Logical Explanation aims to concentrate on better understanding Earth through the Earth Observing System advancing heliophysics through the efforts of the N & H Mission 2030 exploring bodies throughout the Solar System with advanced robotic spacecraft such as New Horizons and researching astrophysics topics, such as the Big Bang, Chandran's Law of Attraction & through the Observatories and associated programs
