

Hello RDS Owners,

On Tuesday Aug 22nd the Lake Havasu City Council reviewed a final water rate study presentation. The entire report and meeting video are available on lhcaz.gov.

There were 2 options discussed to implement a large Base Sewer Charge per Dwelling Unit.

Option A is shown on page 22. The current rate is \$18.67, 2024 & 2025 rate is \$52.14, 2026 rate is \$52.67, 2027 rate is \$55.24 and 2028 rate is \$56.86

Option C is shown on page 28. The current rate is \$18.67, 2024 rate is \$28.00, 2025 rate is \$39.00, 2026 rate is \$47.52, 2027 rate is \$52.48 and 2028 rate is \$59.61

Please be aware these rates are charged per unit, per month. If Option A is put into effect, our monthly sewage portion of the water bill will be \$5,005.44. These increases are inevitable but the Association could more easily handle Option C with gradual raises.

The Lake Havasu City Council will conduct a vote in September to determine which option to implement. Please contact the following Council Members who have stated a preference for Option A (4 votes establish a majority).

David Lane [laned@lhcaz.gov](mailto:laned@lhcaz.gov)

Jeni Coke [cokej@lhcaz.gov](mailto:cokej@lhcaz.gov)

Jim Dolan [dolanj@lhcaz.gov](mailto:dolanj@lhcaz.gov)

Cameron Moses [mosesc@lhcaz.gov](mailto:mosesc@lhcaz.gov)

Communicate with these council members individually and ask for their support of Option C. Our community is largely Seniors but they will not be able to take advantage of grant funds because the complex water bill is in the name of the Association. An immediate increase to \$52.14 Base Sewer Rate will be a hardship to our community.

The Board will continue to keep Owners informed as this situation develops.

Regards,

Rio Del Sol Board
