Jose, on behalf of the old team at Lightlines Inc. and ECO Powder Coating, would like to thank you for your superior customer service and for the quality and performance of your product SERVEC 1. The product has been used in the cleaning and phosphatizing of blasted and non-blasted substrates for over a year and half now and we couldn't be more pleased with the results.

As now members of the new Houston Powder Coaters LLC. Team we will continue using SERVEC 1 which has met and exceeded our quality requirements.
