

1. What is Creative Critters Specialized Services? Creative Critters provides personalized math and literacy support for young learners. My program focuses on building confidence, strengthening foundational skills, and supporting each child's unique learning style through engaging, child-centered instruction.

2. Who do you work with? I work primarily with early learners and elementary-aged students who need extra support in math, reading, and foundational academic skills. This includes students who benefit from individualized instruction, flexible pacing, and confidence-building strategies.

3. What subjects do you offer support in? Creative Critters specializes in:

Math skills and problem-solving

Reading and literacy development

Phonics and comprehension

Writing fundamentals

Early academic readiness

Services are tailored to each student's needs.

4. Are sessions one-on-one or in groups? Most sessions are one-on-one to ensure personalized attention. Small group sessions may be available depending on availability and student needs.

5. Do you offer virtual or in-person sessions? Sessions may be offered virtually or in person, depending on location, availability, and family preference. Please contact me to discuss current options.

6. How do you personalize learning for each child? Each student begins with an informal assessment and observation. I use this information to create customized lessons that match your child's skill level, learning style, and goals.

7. How long are tutoring sessions? Sessions typically range from 30 to 60 minutes, depending on your child's age, attention span, and learning needs.

8. How often should my child attend sessions? Most students benefit from 1–2 sessions per week. However, frequency is flexible and can be adjusted based on progress and family goals.

9. How do you communicate with parents? I believe in strong family partnerships. Parents receive regular updates on progress, strengths, and areas of growth. Open communication is always encouraged.

10. What makes Creative Critters different from other tutoring programs? Creative Critters is led by an experienced education professional who understands both academic standards and child development. My program blends proven instructional strategies with creativity, patience, and compassion to help students thrive.

11. How do I get started? Getting started is easy! Simply contact me through the website or email to schedule a consultation. We'll discuss your child's needs and create a personalized learning plan.

12. Do you work with students who have learning differences? Yes. I have experience supporting students with diverse learning needs and adapt instruction to help each child succeed at their own pace. Please reach out to creative.critters0413@gmail.com if you cannot find an answer to your question.
