"Worrying is like a rocking chair, it gives you something to do, but it doesn't get you anywhere."

Constant worry can increase our blood pressure and diminish our breathing. The constant state of "fight or flight" wears down our natural defense, making us more prone to illness and disease. How do we not worry? According to the article, "It's a choice" the choice to believe God is in control.

When we focus on being the hands and feet of Jesus, our worries often diminish or it helps us put our worries into better perspective. When we focus on Him and how we can serve His people, we have less time to worry about ourselves.

Some action steps:

- Pray for yourself to grow in trust of the Lord!
- Give your problems back to the Lord daily. If you take them back...STOP!....and hand them off again.
- Make a conscious effort to take 5 deep breaths at least once an hour throughout our waking hours. Breathe slow....and deep! This will tell your body to turn off the "fight or flight" switch.
- Think about someone else. Send a card or call someone on the prayer list to let them know that you are thinking and praying for them.

"Who of you by worry can add a single hour to his life? Therefore do not worry about tomorrow, for tomorrow will worry about itself." Matthew 6:25-27
