

# Ready to Amplify your results?

Unlock the skills needed for tomorrow with the team you have today.

## Magnet Labs coaches tomorrow's innovative leaders and teams.

Our experienced team has a modern approach to leveling up performance and building a growth mindset culture. Using neuroscience backed methods and insight on the market drivers of business today, we have retooled the learning process. We offer the following services in a unique way either on site or remotely:

- Skill based assessments.
- One on one leadership coaching
- One to many workshops.
- Community connection.

## We fundamentally believe:

- Coaching people is more effective than managing them.
- Nurturing Creativity, Agility, and Compassionate Leadership are necessary for high performance.
- Skill building can be measured alongside business impact.
- Practicing new skills should be fun, but also useful beyond a workshop.
- Building community and connection inside and outside the organization is a competitive advantage.

INNOVATE.

# How we work.

4 Easy Steps. Just assessing, practicing, achieving results, and building community connection. No hassle.

**Magnet Labs brings our expertise alongside neuroscience backed methods to help you create measurable impact.**

## Assess

We work with individuals and teams to assess and establish a baseline on the desired area of development. In this way, we measure improvements, as well as meet our participants where they are.

## Practice

We offer 1:1 coaching for individuals and 1, 2, or 3-day workshops for teams. Our proven methods are made to last well beyond the workshop yielding results and new ways of working post our time together.

## Results

We measure what matters. We believe in a growth mindset culture. As a sponsor of our work together, you will see your results to include highlights, lowlights, and recommended next steps.

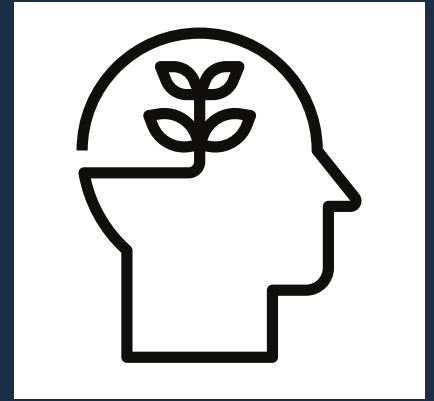

## Community

Continuous learning and community connection is a big advantage in business. We have a vibrant network of leaders for you to tap into. Attend mastermind webcasts, subscribe to our newsletter, or leverage our introductions to stay ahead.

# Services Pricing

All services are available remotely, in person or any combination of the two modes.

**Magnet Labs offers a set of services that helps leaders and teams grow, thrive, and ultimately achieve more:**

**Coaching**

Individual Coaching Sessions are priced in sessions of 10 which includes a pre and post leadership assessment. The cost of these sessions delivered over ideally a 5-month timeframe is \$5800.00 per leader.

**Workshops**

Workshops are priced at \$5800 per day and can be anywhere from 1 to 3 days in length in teams of 10 or less. Pricing can be adjusted to accommodate larger groups. If delivered in person, reimbursement for travel expenses is required.

**Mastermind Sessions**

Some of our best “aha” moments come from interacting with leaders outside of our company. We facilitate 4 week mastermind sessions which focus on the topics of Compassionate Leadership, Agility, and Creativity in Business. Participation is \$275 for the series of 4.

**Community**
