

THE EXPERIENCE!

South Sound Dance presents a Holiday Show – a spoof of the classic Nutcracker, incorporating all styles of dance AND a spectacular annual Recital every year!

Learning choreography and performing on stage is a essential part of the dance class experience! As a member with SSD your dancer will be learning choreography to perform in both the Holiday Show and Annual Recital. This practice and experience gives dancers both technical and social emotional skills that will grow their confidence and belief in their self!

5 REASONS TO ALWAYS PERFORM!

We often hear from many parents that they feel their child is not ready for recital, or that they are afraid their child will not perform on stage. While we cannot make any guarantees, **we can share with you the 5 reasons your child should always perform!**

#1 EXPERIENCE

At South Sound Dance we work to make every performance the BEST EXPERIENCE for all of our families and dancers, ensuring that every dancer has their moment on stage! In fact, out of our 400 performers last season ALL made it out on stage!

#2 CONFIDENCE

Performing BUILDS CONFIDENCE and EMPOWERMENT in our kids. It's a moment to experience vulnerability, to put their whole self out there, and to believe in themselves. It's something that they achieve, that they get to say "I DID IT!"

#3 There is an "I" in TEAM

Recital teaches both the meaning of the word TEAM and INDIVIDUAL. Dancers learn to work together and to own their individual strengths to achieve a group performance.

#4 PRACTICE: GAME as PRACTICE: PERFORM

Recital is the "game" if you will, to soccer practice. Would you sign up your child for a sport if there was never a game? No, right? Because in a sport we are learning how to play a game. In dance, we are learning how to PERFORM!

#5 CELEBRATE SUCCESS

This is their moment to CELEBRATE their success! And we celebrate them BIG at South Sound Dance!
