

★ The Joy Membership ★

Supporting Your Dancer's Journey!

At South Sound Dance, we're more than just a dance studio—
We're a community where every dancer is celebrated, empowered, and inspired to grow.

That's why we created the **Joy Membership**—a special opportunity designed to support families who are fully committed to their dancer's creative journey and personal growth.

What is the Joy Membership?

The Joy Membership is an opportunity for students enrolled in a well-rounded schedule of key classes that support their dance development. Members receive amazing benefits to help them flourish as dancers and confident young individuals—plus fun perks to celebrate their dedication and hard work!

How Does Your Dancer Qualify?

To become a Joy Member, dancers must be enrolled in **a minimum of 3 dance classes per week, 2 being performing classes**

Dancers must perform with at least 2 classes in each production in order to grow in their performing arts education. This structure ensures dancers are receiving a well-rounded, enriching experience while fueling their growth and love for dance.

The **Joy Membership** is our way of celebrating YOU—our dedicated dancers and families who show up, work hard, and spread joy. It's more than perks—it's a promise that we're with you on this journey to grow, dream big, and dance boldly.

☀ Joy Membership Perks ☀
