AIS

AIS cosmetics is born at the crossroads of two elements, where snow-capped mountain peaks meet the boundless sky.

The name AIS combines Halal ideology which is like freshness of the mountain air and artesian water purity of the Caucasus glaciers – ice. Together they create true power of beauty.

About company

We present you AIS catalogue with cosmetic lines for both men and women.

The final product is a result of several years of hard work, from idea to realization.

The precious formula for our cosmetics based on natural extracts was developed in our scientific center, which is also where we selected a unique aroma for each product.

But the most important thing is that our cosmetics is produced according to all Islam canons, which is confirmed by the Council of Muftis of Russia. We are proud to know that each AIS product is marked as a 100% Halal.

Muslim cosmetics cannot contain harmful and prohibited substances. AIS products contain no animal fat, GMO, ethyl alcohol, parabens, SLS and ALS – it is truly pure cosmetics based on artesian water.

Our products are not tested on animals and we hope that other cosmetics manufacturers will follow our example.

AIS cosmetics is not only for Muslims but for all people who care about their health and beauty.

Our mission is to bring everyone quality and safe products at a fair price, give everyone opportunity to enjoy the innovative cosmetics which complies with their beliefs and principles.
