Our Counselors at Treasure Wellness accept a variety of insurance plans. It is the responsibility of the client to be certain of their status with their insurance program and to obtain pre-certification for services. Your insurance provider will tell you of your benefits, including the number of sessions that you are covered for, and the amount of your co-pay. This should be confirmed before your first visit.

All fees for services are due and payable at time of service.

***Effective August 15, 2024***
